Re: DG New York CS, LLC – Cortlandville 1 Solar and Energy Storage Project – Site plan revision

Mr. Weber,

DG New York CS, LLC respectfully submits the following as updates to the Conditional Use application for the Cortlandville 1 Solar and Energy Storage project.

1. Cortlandville I C-201 Site Plan -03 Update 20200227
  - a. Summary of revision- move the access road, utility poles and panels outside of the National Grid easement for the utility line.
    - i. The access road entrance from Riley road was moved to the east. The path of the access road will parallel the utility easement
    - ii. The utility pole location was moved slightly north
    - iii. The panels were moved to within the array foot print.

I will bring to the meeting 2 - 24 x 36 drawings.

I have included in this package 7 copies 11 x 17 of the revised site plan.

I will be present for the 3/3/2020 7:30pm Planning Board meeting.

We thank you for your review of this additional information.

Regards,
