Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

Name of Action or Project:				
Locust Solar Array				
Project Location (describe, and attach a general	location map):			
Locust Avenue, Town of Cortlandville, Cortland County	, New York 13077 (tax parcel #76.20-0	01-08.000); see attached US	3GS map	
Brief Description of Proposed Action (include p	ourpose or need):			
Source Renewables, LLC and Locust Solar, LLC is developing plans for the installation of one 4.0 MW-AC solar array to be installed on an approximately 20.9 acres consisting of abandoned agricultural land and dense woods, located on Locust Avenue (tax parcel #76.20-01-08.000), in the Town of Cortlandville. The purpose of the project is to generate clean renewable energy for local residences and businesses. Activities include the installation of a ground-mounted solar energy system of approximately 15,426 freestanding modules/panels, new electrical equipment, including two transformers/inverters on concrete pads, and accessories including approximately 2500 linear ft. of underground electrical line, unimproved and gravel access roads and a chain-link fence. The maximum depth of ground disturbance will not exceed 4 ft and the helix screws (or H-piles) of the solar tables will be installed at a depth of approximately 8-10 ft. Ground disturbance will largely be a result of tree removal and only approximately 1.2 acres of new impervious surface will be created as a result of this project. The maximum extent of ground disturbance will be approximately 12.1 acres. For additional details, see attached USGS location map and site drawings.

C. Planning and Zoning

C.1. Planning and zoning actions.	
 Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? If Yes, complete sections C, F and G. If No, proceed to question C.2 and complete all remaining sections and questions in Part 1 	☐ Yes Ø No
C.2. Adopted land use plans.	
a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located?	∠ Yes □ No
If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located?	□Yes☑No
 b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway; Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) 	⊿ Yes □ No
If Yes, identify the plan(s):	
NYS Major Basins: Upper Susquehanna	
c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?If Yes, identify the plan(s):	ℤ Yes □ No
Cortlandville, New York Agriculture & Farmland Protection Plan (September 2018)	

C.3. Zoning **✓**Yes **No** a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district? **R1-Residential** b. Is the use permitted or allowed by a special or conditional use permit? **∠**Yes **N**o **V**Yes **N**o c. Is a zoning change requested as part of the proposed action? If Yes. i. What is the proposed new zoning for the site? Use Variance will be obtained for solar array in an R-1 Residential District C.4. Existing community services. a. In what school district is the project site located? Cortland Enlarged City School District b. What police or other public protection forces serve the project site? Cortland County Sheriff's Department c. Which fire protection and emergency medical services serve the project site? Cortlandville Fire Department d. What parks serve the project site? Yaman Park (approximately 2,200 feet east of the site parcel) **D. Project Details D.1. Proposed and Potential Development** a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? Community Distributed Generation Solar Energy System b. a. Total acreage of the site of the proposed action? +/-20.9 acres b. Total acreage to be physically disturbed? <u>+/-12.1</u> acres c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? +/-63.0 acres c. Is the proposed action an expansion of an existing project or use? Ves No *i*. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % Units: \Box Yes \mathbf{Z} No d. Is the proposed action a subdivision, or does it include a subdivision? If Yes. *i*. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types)
