Town Board of Cortlandville Town Meeting  
December 3, 2020

**Re: Street light on Bennie Road and Walden Oaks Blvd.**

With the installation of the new stop signs at this intersection, we are asking to see a street light installed at the intersection, due to darkness. We feel it would make it a much safer intersection for all who travel this road.

This was done at Luker Road and Gracie Road in Cortland, and in Virgil at the four corners, and the three way stop in McLean at Peruville Road and School streets. It would save the tax payers \$4,200.00, as there would be no need to buy the solar stop signs.

This light was recommended to me by a Cortland County Deputy Sheriff who patrols this area.

Also take a look at the signatures of people on Bennie Road and on Walden Oaks Blvd. who would be for installing a light.

Thank You

John Conway
